THE INDIAN ECONOMIST AND STATISTICAL REPORTER.

A MONTHLY JOURNAL DEVOTED TO
ECONOMIC AND STATISTICAL INQUIRIES
CONCERNING INDIA.

Edited by
ROBERT KNIGHT (Times of India),
FELLOW OF THE STATISTICAL SOCIETY,
London.

Subscription—24 Rs a year in advance;
30 Rs in arrears.

Intending Subscribers will be good enough to
send their names direct to Mr. KNIGHT,
Bombay.

MR. KNIGHT'S retirement from the
Daily Press of India will set him free
on the 1st July next to establish a Journal
devoted exclusively to those economic and
statistical inquiries which have been pur-
sued by him for many years past in the
columns of the Times of India. The Indian
Economist will at the outset be published
on the 1st of every month, and will be
devoted almost exclusively to the discussion
of economic questions concerning India.
The Statistical Reporter, which will appear
as a supplement to each number, with
separate paging and index, will gather
together such statistics as exist or are to be
got concerning the agriculture and resources
of the provinces, and the commerce,
population, revenue, debt, and public
works of the empire, and will present them
in the simplest and most useful form the
Editor can devise.

It is hoped that the publication of this
journal will give a new impetus to statis-
tical inquiries in India, and be the means
of spreading exact information upon ques-
tions on which Indian publicists and states-
men are now constantly at fault from the
want of it. The most manifest defect prob-
ably in our administrative system is the
fact that there is not a district in the empire
the exact position and resources of which
are known to us. The very first condition
of successful administration is this want.
In Orissa the other day, a narrow export
of 30,000 Tons of rice from a province con-
taining 3,000,000 of people growing nothing
but rice, was held to be conclusive proof
that large food reserves existed in the pro-
vince, while a very brief statistical inquiry
would have shown that so narrow an ex-
port in face of the high prices that had
been ruling for years, proved that the
province was normally treading on the verge
of famine.

There are no satisfactory statistics at
present in India upon any subject but its
trade, while such as do exist are buried in
the recesses of the Secretariat, or in the
Appendices to Parliamentary Returns, out
of reach of the public. Long familiarity
with the kind of information wanted, the
sources from which it is to be obtained,
and the shape in which it requires to be
presented, furnish the Editor, as he him-
self believes, with special qualifications for
the task he has undertaken. He proposes
to meet a want which he has felt keenly
himself, and believes that his new journal
will be found to be indispensable by every
merchant, journalist, and civilian in the
country with a very few months of its
publication.

In the Times of India he has dealt for
many years imperfectly with the great
questions to which the Indian Economist
will now be specially devoted. Imperial
and local taxation, the Indian debt, cur-
rency reforms, weights and measures, the
land settlements of the country, our finan-
cial relations with England, railway exten-
sion and public works, banking, commerce,
and exchange, and the course of the Legis-
lature and of the Executive Government
thereon will form the leading subjects of
discussion in the new Journal. The Editor
trusts he may rely upon the co-opera-
tion of the Services to make his new journal
what he proposes it should become. He
does not intend it to be a mere newspaper,
but an authority upon questions affecting
the material well-being of the country; and
he will gladly receive suggestions for the
improvement of his plans, and offers of
assistance in the execution of them from
any part of India. He will be glad also to
know early the number of subscribers to
the journal upon which he may count at
the outset. The journal will probably
become a weekly paper eventually.

celled at the Office on which the Order was
originally drawn.

14.—Payment of an Order must be ob-
tained before the end of the Sixth Calendar
Month after that in which it was drawn;
for instance, if drawn in January, payment
must be obtained before the end of July,
otherwise the Order will become lapsed,
and a new Order (for which a second Com-
mission, to be deducted from the amount of
the Order, will be charged) will become
necessary.

15.—If an Order be not paid before the
end of the Twelfth Calendar Month after
that in which it was drawn, for instance,
if drawn in January and not paid before
the end of the following January—all claim
to the Money will be forfeited, unless,
under peculiar circumstances, the Post
Office of the Country in which the Order
was drawn think proper to allow it.

16.—After one paying a Money Order
by whomsoever presented, the paying Office
will not be liable to any further claim. If
a wrong payment, however, be made owing
to negligence on the part of any Officer of
the Post Office, the Postmaster General of
the Country of the Colony in which the ne-
gligence occurs will, if he see fit, require the
Officer in fault to make good the loss.

17.—No Money Order will be paid unless
the advice has been previously received.

18.—Additional Rules for greater securi-
ty against fraud, and for the better work-
ing of the system, generally will be made
as occasion may require.

19.—Should it appear that Money Orders
are used by mercantile men, or others,
either in the United Kingdom or at Hong-
kong, Shanghai or Yokohama, for the
transmission of large sums of money, the
British or Colonial Post Office, as the case
may be, will consider the propriety of in-
creasing the Commission, and will exercise
the power of wholly suspending for a time
the issue of Money Orders.
